

The Waterfalls of Greece

Οι Καταρράκτες της Ελλάδας

LIFO online magazine (at <http://www.lifo.gr/team/greekicons/40561>) recently published a stunning photographic essay of the 19 best waterfalls in all of Greece. Featured were waterfalls from all parts of the mainland as well as some islands, including Drama, Edessa, Samothrace, Samos and Messinia, all of which are truly spectacular.

*But the no. 1 rated waterfall in all Greece was adjudged to be
Fonissa (or Neraida) at Mylopotamos, Kythera.*
